

BTCONE & BTK Masternode platform

POWERED BY MyCryptoCloud.

The masternode installation process is fully automated and user-friendly. It takes only few clicks and a few minutes for a masternode to be activated.

 GET STARTED

500+ Hosted masternodes.

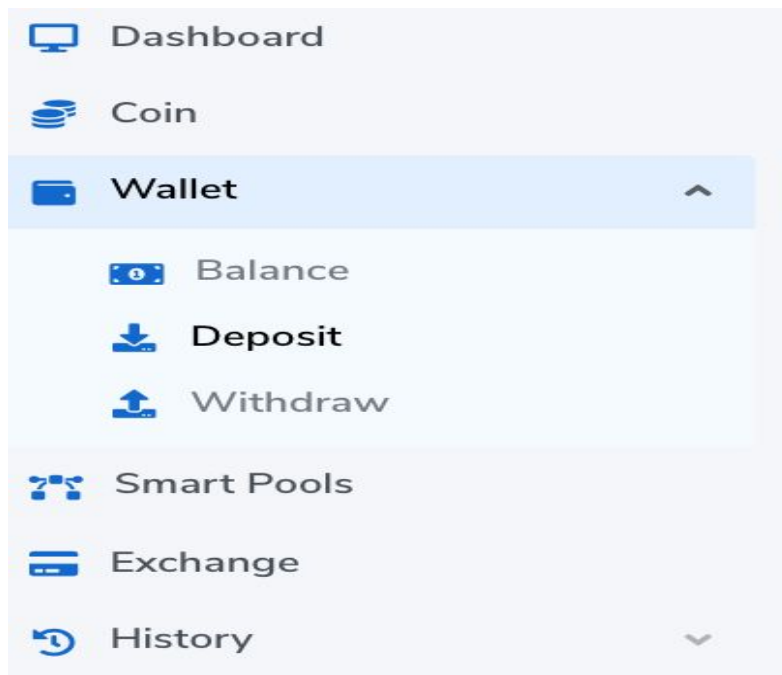

40+ Coins Supported.

<https://masternode.community>

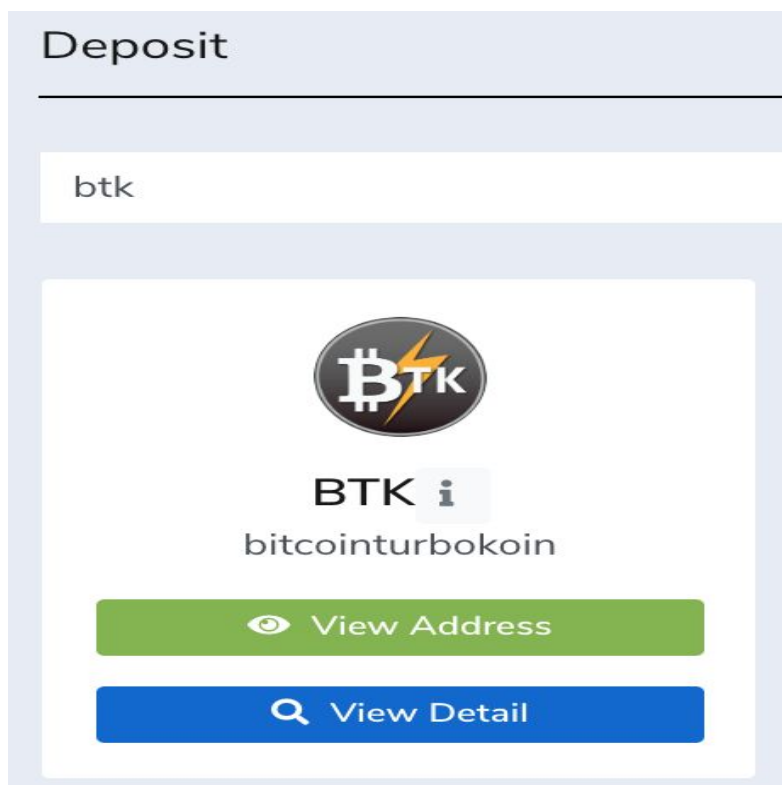

STEPS TO USE OUR SERVICES:

1. Sign UP

2. Click on Wallet and then Deposit

3. Search for your coin and click View Address

4. Send coins normal or with QR code and after click OK

BTK Deposit Address

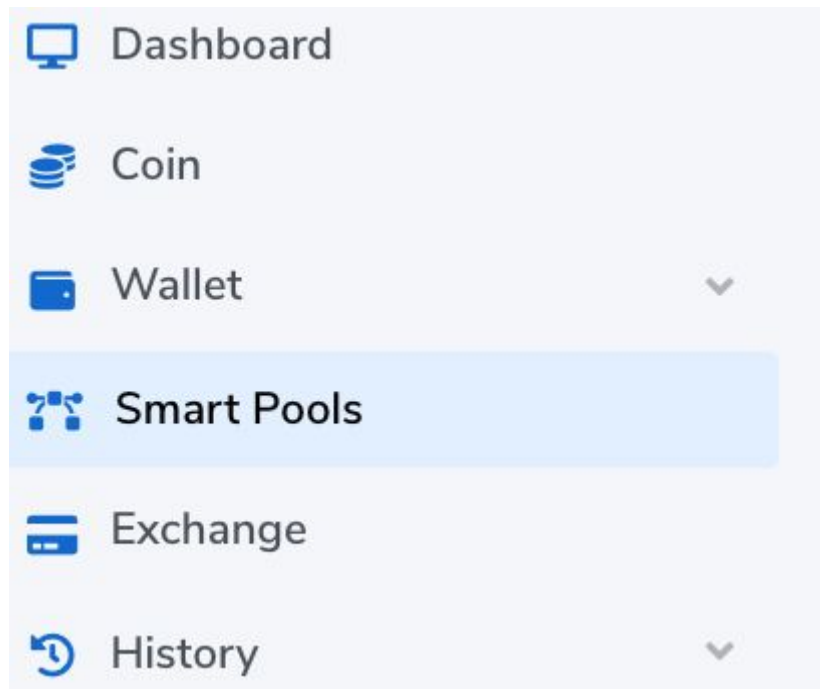

KukeyaX78v9aoGLJzaT5849WUq7z19b5LV

**5. After your transaction is confirmed,
you can now see it under balance in your wallet.**

Balances		
Search by Coin		
	Coins ^	Balance ⇅
	Allsafe coin (SAFE)	0
	Audax (AUDAX)	0
	Awardscoin (AWR)	0
	Barecoin (BARE)	0
	Bitcoin one (BTCONE)	2048.77559161
	bitcointurbokoin (BTK)	3838.92773092

6. Now go to Smart Pools

7. Here you can send all your coins (minimum of a coin is 1)

Smart Pools								
Search by Coin								<input type="button" value="Search"/>
Coins	Pool Balance	Masternode	Pool Est. Daily Yield	Est. ROI / Year (%)	Pool fee (%)	Your Balance	Your Est. Daily Yield	
 Bitcoin one (BTCONE)	300211.38744047	30	4383.09824864	532.9	1	9888.66807634	144.37494891	
 bitcointurbokoin (BTK)	788925.43203443	78	7617.11494353	352.4	1	31193.85522344	301.1782497	
 Energi (NRG)	0	0	0	0	3	0	0	
 Secure Cloud Net (SCN)	10420.28547221	1	105.24420788	368.64	3	0	0	

8. Now click on the coin you want to put into the Smart Pool

Then you see a picture of the coin and you click on Deposit

Here example where it shows rewards in an easy overview.

Plus remember to enable reinvest so you also stake your coming rewards, otherwise they will go back to your web-wallet.

It can take some hours before you see your first rewards.

- Deposit to Pool and start Earn rewards.
- All reward from the pool will be automatically go to your main balance. If you like to reinvest, please activate reinvest feature above pool deposit button.
- You can request Pool withdraw at any time. All requests will be processed within 1 - 3 days
- Withdraw from pool will going to your main balance
- Withdraw fee is 10% of the withdrawn coin

Dedicated Masternode:

You can also deploy a real masternode (example here cost 0,99 euro) where you keep the coins on your PC.

1. Click on Wallet and then Deposit

2. Search for your coin and click View Address

3. Send coins normal or with QR code and after click OK

BTK Deposit Address

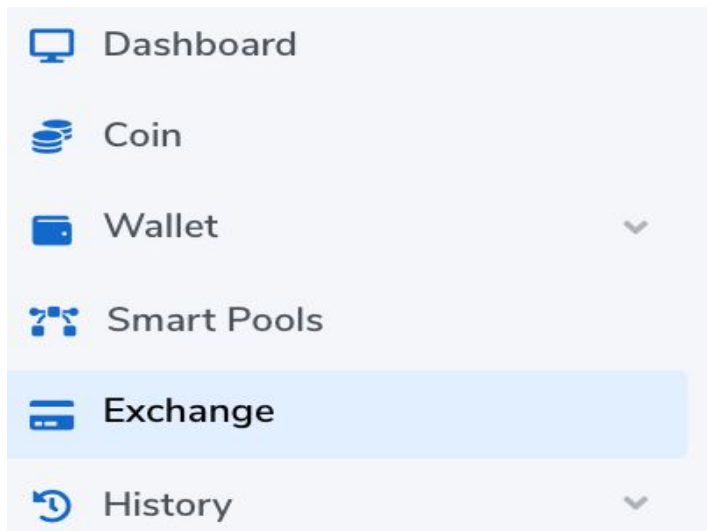

KukeyaX78v9aoGLJzaT5849WUq7z19b5LV

4. After your transaction is confirmed, you can now see it under balance in your wallet.

Balances		
Search by Coin		
	Coins ^	Balance ⬆
	Allsafe coin (SAFE)	0
	Audax (AUDAX)	0
	Awardscoin (AWR)	0
	Barecoin (BARE)	0
	Bitcoin one (BTCONE)	2048.77559161
	bitcointurbokoin (BTK)	3838.92773092

5. You now need to click on exchange and convert your coin to euro to pay service fee in this case BTK we are using as example 0,99 Euro per month

6. We pay 120 BTK which is then converted to 1.02 euro to cover the monthly hosting (Price for hosting can be adjusted)

Payment [History](#)

Exchange Coin

 • After transaction is processed, it cannot be canceled and can not be refunded.
